APPLICATION DEADLINES

- 30th of June**
- 30th of July**, if there is a **Lithuanian embassy** in your country of residence, or **no visa is required** to enter Lithuania

Apart from my studies at KTU, which were interdisciplinary, interesting and challenging new ideas, thanks to my university, I have been on exchange studies in Finland and South Korea. Also I did my practice on marketing in Malta. Studies abroad made me realise that national and cultural differences should not be a barrier to be friends. We all have to feel like a responsible citizen of the world.

Toghrul from Azerbaijan

Digital photo

Notary verified copy of passport

APPLICATION DEADLINES

- 30th of June**
- 30th of July**, if there is a **Lithuanian embassy** in your country of residence, or **no visa is required** to enter Lithuania

I chose Lithuania, because I think Eastern Europe is interesting and there is a lot to explore especially for our generation. I liked a lot considering the programme, that I could choose subjects, which widen my knowledge next to my major. Teachers were really nice and easy to approach with problems. Now I am working as a mechanical engineer in German automotive industry.

Carsten from Germany

FLY TO LITHUANIA

Globally **recognised** degree certificate

International students' **campus**

Accommodation in **dormitories**. Meet & Greet

Safe environment and temperate natural conditions make for pleasant living
