Attendance at KTU is obligatory:

- attending laboratory works is mandatory to all;
- attending other types of classes (lectures, workshops, consultations, etc.) is mandatory according to the requirements set by the teacher.

Attendance requirements are outlined in the module description in Academic IS.

Failing to come to an assessment with no valid reason will lead to not being able to retake it.

If you get ill or have an accident, inform your Faculty international coordinator immediately.

When you return to classes, in 3 working days bring the documents proving your illness from your medical care centre.
When studying in self-financed study place you have to regularly and until the deadline written in your learning agreement **pay the tuition fee**.

Tuition fees are charged for:

- studying in self-financed study place;
- retaking the failed course;
- retaking the assessment (intermediate or final) for the second time;
- taking extra courses that exceed the credits of the study programme.
Honesty is the foundation of good academic work. Students sign (confirm) declaration of academic integrity in Academic IS which means they comply with academic discipline, University internal procedures, perform tasks individually and honestly.

Violations of academic integrity (e.g., plagiarism, cheating, forgery, copying, submission of the written work prepared by a different person or its results as their own, etc.) will lead to:

- academic penalties (warning, reprimand or strict reprimand) and failure of a course;
- termination of the studies.
Student voice – the most important of all.

In order to ensure high study quality and student satisfaction, University organises questionnaires and round-table meetings, then provides feedback for students.

Head of study programme is responsible for the programme quality.
